

# Shine Your light in Advent

In each of the Advent candles below, write the name of a person you can help. But don't just write names and forget. "Be vigilant," as Jesus says. Keep returning to this page and watching for ways to help and pray for the people whose names you write here. Color each candle after you perform your helpful deed, and pray for each person.

May the Lord make you increase  
and abound in love for one another...  
1 Thessalonians 3:12
